Abraham Lincoln was born on February 12<sup>th</sup>, which is also my birthdate. Abe is one of the most respected presidents in US history. He was president in 1861 when eleven southern states decided to start their own country. When they split it started the civil war. In 1865 the north won, all states flew Old Glory again. Today there is a 19 ft. high statue of Abe in our nations capital, Washington D.C., as part of the Lincoln memorial.
