We the people of Port Charlotte County and the rest of America should be thankful most of the time because if America had not been a free country we would be living behind bars, in harsh places, or in a poor place.

We would probably have a poor shelter. We might not be able to do the things we want to do. We probably would have to work hours in the hot sun. But no. We live in a free country where most of us get a fair living, fair food, and get to do most of the things we want to do. We live in a country where people from all over the world have come to.
